Mr. Herbert Angel
Acting Archivist of the United States
Washington, D.C.

Dear Mr. Angel,

I would like copies of all the documents in the Warren Commission files mentioning both Norton Armstrongs, father and son.

Page 500 of CD 7 was classified, I presume at the request of the FBI. Armstrong, Jr., has been dead for several months. I respectfully request this page be read to see whether the death eliminates what may have been the justification for the classification.

Sincerely yours,

Harold Weisberg
